

THE CORPORATION OF THE TOWNSHIP OF WHITE RIVER
MUNICIPAL WASTE DISPOSAL SITE PROPOSED EXPANSION

NOTICE OF COMPLETION OF ENVIRONMENTAL SCREENING PROCESS

The Corporation of the Township of White River (Township) has completed the Environmental Screening Process under the Province's Environmental Assessment Act (EAA) for the proposed expansion of the White River municipal waste disposal site.

The Environmental Screening Process (ESP) was initiated to identify the preferred option to increase the Township's waste disposal capacity and address waste material that had been deposited beyond the approved landfill limits.

As the Township's preferred option of expanding the current waste disposal site was considered a project listed under Part III of the Waste Management Projects Regulation, the Township was required to follow the steps to complete the Ministry of the Environment and Climate Change (MOECC) Environmental Screening Process, as outlined in the *Guide to Environmental Assessment Requirements for Waste Management Projects*.

The ESP included public consultation, contact with Aboriginal communities and government agencies and the identification of potential and net environmental effects resulting from a proposed expansion. Following the completion of the ESP, the proposed expansion of the White River waste disposal site has been considered to be a feasible option for addressing the Township's future waste management needs as minimal concerns and negative environmental effects have been identified.

The Environmental Screening Report documents the ESP followed throughout the project. By this notice, the report is being placed on the public record for a 60 day review period. The Environmental Screening Report will be available starting on March 1, 2016 for public review (expiring April 30, 2016) at www.kresinengineering.ca and at the following locations:

The Corporation of the Township
of White River
102 Durham Street
White River, ON P0M 3G0

White River Public Library
123 Superior Street
White River, ON P0M 3G0

Kresin Engineering Corporation
536 Fourth Line East
Sault Ste. Marie, ON P6A 6J8

Interested persons should provide comments to info@kresinengineering.ca or to the Township Office within the review period noted above. Comments should be directed to Tina Tarini, CAO/Treasurer at the address shown below.

If concerns regarding the project cannot be resolved through discussions with the Township, a party may make a written request to the Director (address below) within the 60 day review period to elevate the project to an individual environmental assessment.

Tina Tarini, CAO/Treasurer
Township of White River
102 Durham Street, PO Box 307
White River, ON P0M 3G0

Director, Environmental Approvals Branch
Ministry of the Environment and Climate Change
135 St. Clair Ave West, 1st Floor
Toronto ON M4V 1P5

Respondents should note that information collected for this study will be subject to the Freedom of Information and Protection of Privacy Act. With the exception of personal information, all comments received will become part of the public record and may be included in the study documentation prepared for public review.
